Ask us about Driver's Ed Online

In partnership with Aceable, Imagine Learning offers a DMV-licensed online driver's education course for students aged 14 to 17.

Exceptional Students Courses for CA

These courses, designed for high school students who are three or more grade levels behind, are priced separately by semester enrollment. ELA and math courses align with the California Core Content Connectors (CCCs), which highlight the most essential grade-level academic content and are connected to the Common Core State Standards and the Learning Progression Frameworks. Social Studies and Science courses cover the most essential CA content standards, so students are learning targeted key concepts and topics in a way that provides them with the support they need.
