

Course Description:

In Kindergarten Science, students will use their senses to explore their world. Students experience nature walks, gardening, and imitative games by exploring the fall season, leaves and butterflies, deer, autumn leaves and weather conditions, falling leaves, squirrels, ducks, natural fall objects, nature observations, animals and camouflage, planting a garden, terrariums, growing a seed, goldfish, freezing water, and magnets.

Module	Lesson Title	Objectives
1	The Summer Season	<ul style="list-style-type: none"> Describe summer. Record observations about summer.
2	Leaves and Butterflies	<ul style="list-style-type: none"> Draw what can be observed in nature. Read "The Butterfly Story." Explain the life cycle of a butterfly.
3	Deer in Fall	<ul style="list-style-type: none"> Read a story to learn about deer. Draw a picture of a doe, buck, or fawn. Describe a characteristic of a doe, buck, or fawn.
4	Autumn Leaves and Weather Conditions	<ul style="list-style-type: none"> Describe different kinds of trees and leaves. Gather autumn leaves and describe their various colors. Explain weather conditions.
	Making a Weather Chart	<ul style="list-style-type: none"> Describe the unpredictable nature of weather. Demonstrate the concepts of north, south, east, and west. Make a wind vane and chart weather observations for the week.
5	Autumn and Falling Leaves	<ul style="list-style-type: none"> Read the story about autumn leaves. Observe fall leaves and draw a picture of a tree with leaves falling. Learn what animals do in fall to prepare for winter.
6	Squirrel Behavior	<ul style="list-style-type: none"> Read a story about squirrels. Observe the squirrels in your neighborhood.

Module	Lesson Title	Objectives
	Animal Habitats and Weather	<ul style="list-style-type: none"> Describe the homes of various animals. Explain how animals meet their basic needs in habitats. Identify different animal habitats.
7	Duck Observation	<ul style="list-style-type: none"> Read a story about ducks. Observe and study ducks.
8	Natural Fall Objects	<ul style="list-style-type: none"> Study natural fall objects. Discuss the changing weather. Explain what animals do in the fall to prepare for the winter.
9	Observing Nature	<ul style="list-style-type: none"> Study nature close-up. Use a magnifying glass to look at different objects.
10	Animal Camouflage	<ul style="list-style-type: none"> Learn different ways that animals camouflage (hide) themselves. Recognize different weather conditions.
11	Listening to Nature	<ul style="list-style-type: none"> Identify outdoor sounds in nature. Collect items to add to nature table.
12	Nature Review	<ul style="list-style-type: none"> Review their many experiences in nature.
13	Plant a Garden	<ul style="list-style-type: none"> Plant an indoor garden. Illustrate the growth of a seed into a plant.
14	Forces and Movement	<ul style="list-style-type: none"> Explain how forces cause changes in motion.

Module	Lesson Title	Objectives
	Assemble and Plant a Terrarium	<ul style="list-style-type: none"> Assemble a terrarium. Plant small, shade-loving plants.
15	Motion	<ul style="list-style-type: none"> Define motion and position.
	Grow a Bean Seed	<ul style="list-style-type: none"> Create a classroom garden. Plant bean seeds in the classroom garden.
16	Make a Goldfish Bowl	<ul style="list-style-type: none"> Draw a picture of one or more of the experiments you are doing. Make a goldfish bowl.
	Freezing Water and Magnets	<ul style="list-style-type: none"> Observe the change in form of water to ice. Study daily weather conditions. Observe the behavior of magnets.
17	Thunder and Lightning	<ul style="list-style-type: none"> Observe thunder and lightning. Calculate lightning distance.
	Animals and Weather Change	<ul style="list-style-type: none"> Observe animals as they react to changes in the weather. Illustrate how animals prepare for winter months.
18	Weather Extremes	<ul style="list-style-type: none"> Identify extreme weather conditions. Illustrate hurricanes, tornadoes, and blizzards.
	Compare Environments	<ul style="list-style-type: none"> Compare and contrast various environments.
