

More Fluency in Less Time with Fluent Reader+

Automatic scoring for oral reading fluency in partnership with SoapBox Labs

Achieving oral reading fluency is easier than ever, thanks to Imagine Learning's Fluent Reader+ powered by SoapBox Labs. You can monitor students' oral reading fluency with a few quick clicks in three easy steps:

- 1 Assign a one-minute Fluent Reader+ activity to a student, group, or class with the click of a button or let Smart Sequencer™ assign it automatically
- 2 Schedule time for students to use Imagine Language & Literacy independently
- 3 View scores instantly for accuracy and words correct per minute (WCPM) in the newly redesigned portfolio

This effective tool, powered by SoapBox Labs:

- Specializes in the voices of PreK–12 students, not adults
- Is as accurate as an educator
- Accounts for any accent and dialect
