

Imagine Español

An adaptive literacy and Spanish language solution for grades K–2

A Celebration of Spanish Language and Culture

Imagine Español is a personalized learning program that maximizes Spanish language and literacy development for K–2 students. Whether used as a dual-language, transitional bilingual, or world languages program, Imagine Español inspires breakthroughs for early readers and language learners while providing the Spanish language and literacy foundation they need to succeed in school and beyond.

Ignite learning breakthroughs in español!

Imagine Español is backed by decades of research on the best pedagogical practices for developing Spanish language and literacy.

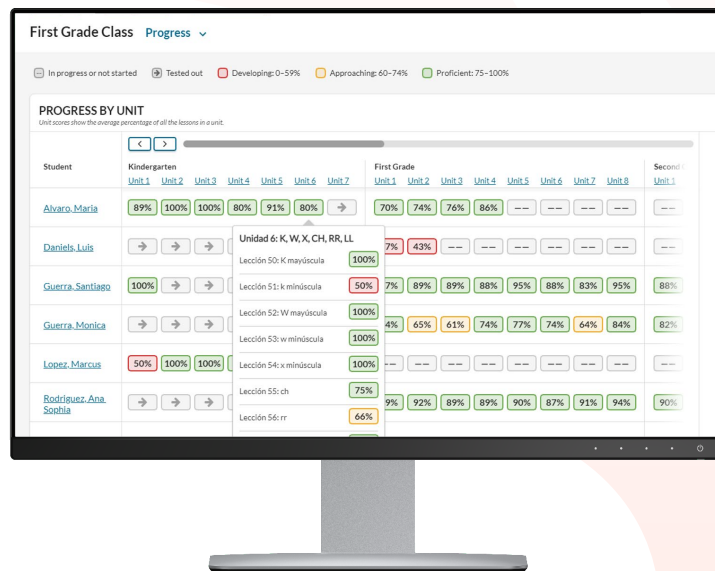

Young students learn best through play, so we built Imagine Español with highly engaging developmentally appropriate game-like activities. In addition, the student-focused design addresses the pillars of dual language by providing the foundations for biliteracy through rigorous, standards-aligned activities that promote academic achievement and cultural awareness.

A Flexible Solution that Adjusts to Your Needs

Educators love Imagine Español as much as learners because it's designed for diverse classrooms and students. **Imagine Español supplements regular classroom instruction and can be delivered in multiple environments and settings and can be delivered through:**

- In-class small group rotation
- Computer lab rotation
- Whole class instruction
- Device (cart) rotation
- Before/after school instruction

Propel student growth by building a strong foundation

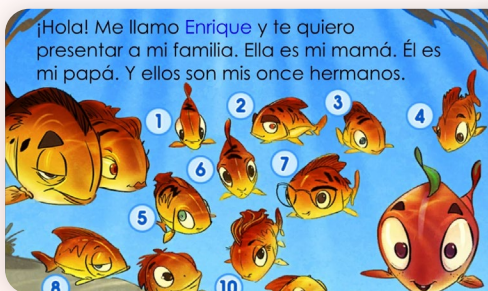

Imagine Español support all learners with scaffolds that encourage Spanish language proficiency and foundational reading skills. Students have fun learning and building Spanish skills with catchy songs, interesting stories, loveable characters, and detailed artwork.

Culturally relevant instruction and a game-based motivation system help students stay engaged throughout their learning journey. In addition, students can easily track their progress, encouraging them to take ownership of their learning while fostering a growth mindset.
