

Back to School 2024

what's new

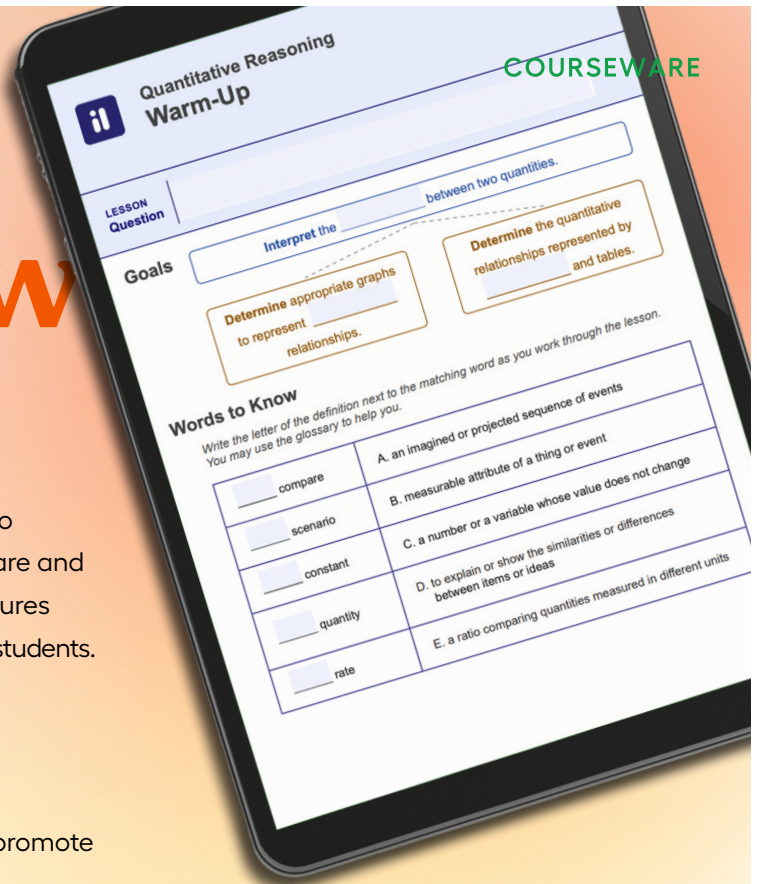

for Imagine Edgenuity®

The Imagine Edgenuity team has been hard at work to continue to deliver the industry standard for courseware and digital curriculum. In 2024, we are rolling out new features and content that support administrators, teachers, and students.

Platform Updates

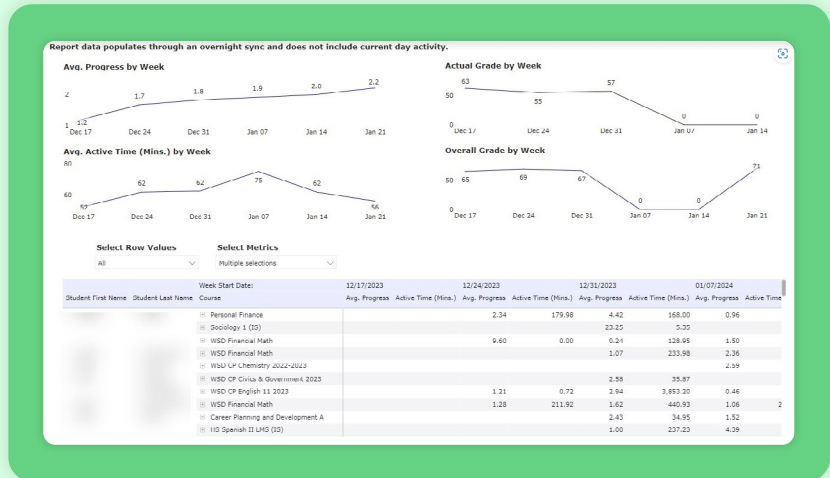

Fillable Guided Notes for math and ELA

Students can now take notes in a fillable PDF to help promote deeper comprehension of important course content.

Weekly Activities Report

This brand-new report summarizes student activity and progress week by week, allowing educators to monitor whether students are meeting attendance and completion expectations and whether they are improving or falling behind over time.

New Courses

Ethnic Studies in Imagine Edgenuity

Ethnic Studies is a one-semester course in Imagine Edgenuity that takes an interdisciplinary approach to examining the histories and lived experiences of the diverse groups of people in the United States.

Human Geography in Imagine EdgeEX

Human Geography is a one-year high school level course that takes a thematic approach to the study of all aspects of the field of human geography, including human-environment interaction; cultural, political, and economic geography; and globalization and the interconnectivity of the world’s people and places. **This is our first course authored entirely in Imagine EdgeEX!**

● (Upper left) Roald Amundsen’s polar party reached the South Pole. (Bottom right) economic changes from the Silk Road.
