

Back to School 2024

what's new

for Imagine Language & Literacy®
and Imagine Español®

This year, Imagine Language & Literacy is celebrating 20 years of empowering readers with new content, features, and reporting. Imagine Español is getting enhancements too — new assessments and reports are available to track growth.

Visit imaginelearning.com/20-years-of-imagine-language-and-literacy or scan the QR code to see all the new content and characters.

Imagine Language & Literacy Updates

Updated Student Growth Report

A completely revamped Growth Report makes it even easier to document student growth over time with reporting components and data visualization that save time and drive action.

5-MINUTE VIEW

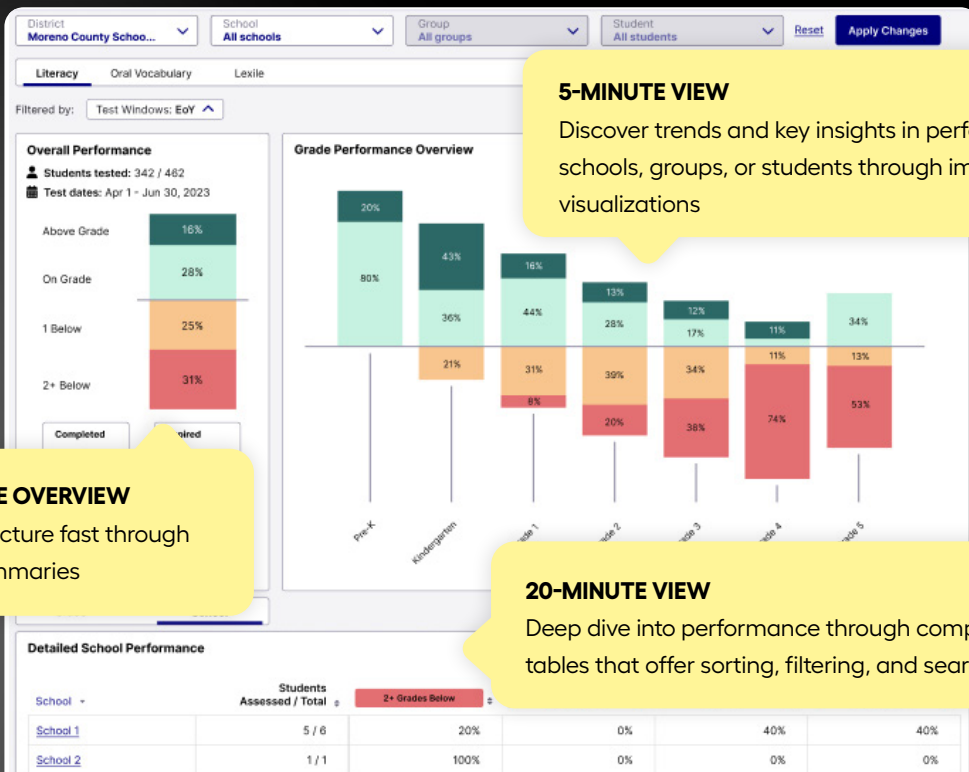

Discover trends and key insights in performance across schools, groups, or students through impactful data visualizations

AT-A-GLANCE OVERVIEW

See the big picture fast through high-level summaries

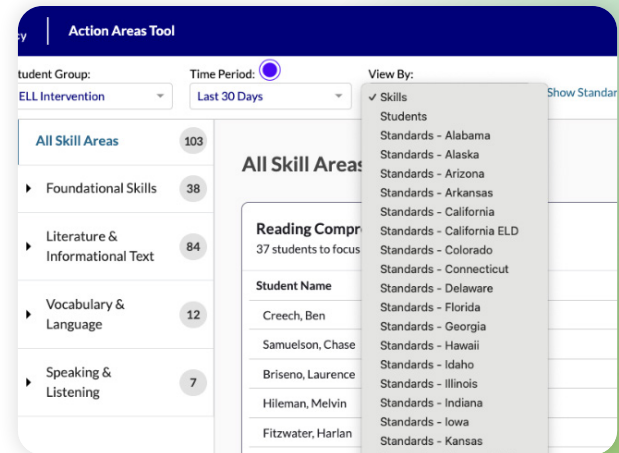

20-MINUTE VIEW

Deep dive into performance through comprehensive data tables that offer sorting, filtering, and search capabilities

Action Areas Tool now aligns to standards for all 50 states!

The Action Areas Tool automatically groups students based on skill or standard gaps. Suggested additional content and activities are available to assign with just one click to support student learning and save teachers time. In addition to all 50 states, we offer alignments to WIDA, CCSS, and CAELD.

Imagine Español Updates

New Benchmark Assessments

Measure the impact of Imagine Español on student learning and gain insights to guide classroom instruction and intervention with new benchmarks.

- New, high-quality benchmark assessments can be administered three times a year
- Aligned to Imagine Español instruction and designed to track student growth

New Growth Report

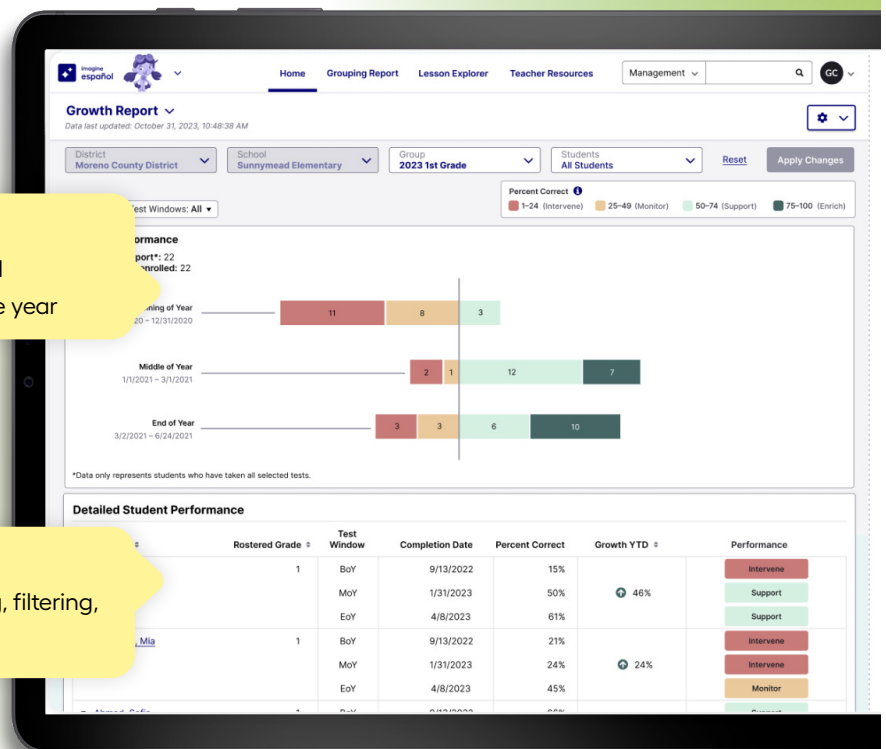

Use new benchmark data to track student progress with the Growth Report.

AT-A-GLANCE OVERVIEW

Offers a quick view of overall performance throughout the year

20-MINUTE-VIEW

Displays a detailed data table with sorting, filtering, and search capabilities
