

Dragonfly Lift Off Box

First Look Guide

Take your class on a journey that sparks curiosity,
builds knowledge, and earns some wings!

What Is the Lift Off Box?

The Dragonfly Lift Off Box is your classroom’s ticket to an unforgettable learning adventure! It’s a special sample lesson pulled straight from the Dragonfly Knowledge-Building Program—designed to show you just how exciting reading and learning can be.

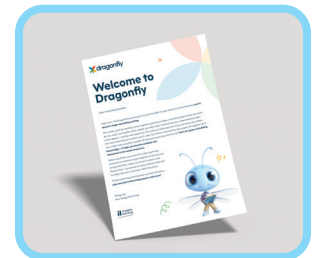

Inside this box you’ll find everything you need to **launch an engaging, hands-on experience** for your students. They’ll explore ideas, dive into authentic literature, and practice essential literacy skills—all while having fun and earning their Dragonfly wings!

This isn’t just a lesson; it’s a chance to see how **knowledge building transforms the reading experience**—connecting skills, vocabulary, and big ideas so every student feels like a confident explorer.

What’s Inside the Lift Off Box?

Welcome Letter

Start the adventure with a letter from a Dragonfly character! Read it aloud to your class to set the stage and get students buzzing with excitement. It invites them to join the Flyers Club and explains that when they complete the lesson, they’ll officially “**earn their wings.**” This letter is perfect for building anticipation and creating a classroom moment students will remember.

Teacher Guide

This is your mission control! The Teacher Guide gives you everything you need to deliver the lesson with confidence:

- **Step-by-step guidance** for explicit instruction
- **Differentiation tips** for every learner
- **Point-of-use supports** for multilingual learners

Student Companion Booklets (30 copies)

Each student gets their own booklet to explore the lesson. They’ll draw, circle, write, and interact with the content as they learn. These booklets make students feel like true knowledge-builders as they work through the activities.

Trade Book Selection

You'll also find an authentic trade book from the Dragonfly curriculum—because great stories fuel curiosity. This is just a taste of the high-quality literature at the heart of every Dragonfly module.

Digital Access Card

Scan the QR code for quick access to digital materials:

- Teacher and student PDFs for easy printing
- Media and resources needed for the lesson
- Bonus! Explore additional sample lessons from other grades

Note: This is a sample, not the full Dragonfly platform. For full access, reach out to your sales partner.

Dragonfly Character Keychains (30 pieces)

The ultimate motivator! Once students complete the lesson and earn their wings, reward them with their very own Dragonfly keychain. It's a fun keepsake that celebrates their success and keeps the learning spirit soaring.

Dragonfly Plushie

Meet your new classroom mascot! Use the plushie to bring lessons to life, spark discussions, or simply add a little joy to your reading corner. Students will love seeing their Dragonfly friend join the adventure.

Why It Matters?

The Lift Off Box is more than a sample—it's a window into how Dragonfly connects knowledge and literacy skills so students can thrive. By building background knowledge, vocabulary, and comprehension together, we help all learners spread their wings and soar.

So, open your box, dive in, and watch your classroom take flight!
